PROFILE

Software Engineer with more than 20 years of hands-on experience designing, developing, and implementing applications and solutions using a wide range of technologies and programming languages.

International speaker and open source advocate. Looking for new challenges. Always eager to learn, always willing to teach.

EDUCATION

1994 - 2000

NATIONAL TECHNOLOGICAL UNIVERSITY - UTN Argentina
Information System Engineer.

EXPERIENCE

2021 - present

WINGBACK

Front-end team leader and back-end developer
Develop complex and engaging web applications using SvelteKit and TypeScript. Play an active role in the overall product design and actively participated in back-end development using Rust.

2000 - 2021

MINISTRY OF LABOR OF ARGENTINA

Software Architect
Responsible for leading teams of developers in charge of designing and building critical nationwide applications.

2000 - present

FREELANCE PROJECTS

Software Architect and Full Stack developer
Worked developing complex web applications, managing projects from concept to implementation and coordinating work teams.

OPEN SOURCE CONTRIBUTIONS

2019

Svelte tutorials for MOZILLA DEVELOPER NETWORK

Designed, developed and wrote the tutorials for Mozilla about the Svelte development framework. Available online [here](#).

2018

Workshop at Mozilla Festival about JavaScript programming

I was invited to the Mozilla festival in London to give a hands-on workshop on web programming with JavaScript and Svelte.

2014

Red Hat OpenShift module for Play Framework 2 applications

Developed and published the OpenShift module for Play Framework and wrote the official online quick-start tutorial.

PROFICIENCY AND SKILLS

HTML / CSS / TailwindCSS

JavaScript ES6 / TypeScript

SQL server / PostgreSQL

Svelte / SvelteKit

Node.js / Express / NestJS

Rust
